

INTRODUCTION AND OBJECTIVES

Unnat Bharat Abhiyan (UBA) is a flagship programme of MHRD, GoI started in 2014 with a vision to achieve the target of Unnat Bharat (Developed India) through the growth and development of Indian villages. Under UBA it has been planned that all technical and higher institutions like IITs, IIMs, NITs, NITTTTRs, IISc Bangalore and all other colleges and polytechnics working under central universities, UGC, AICTE, ICAR, ICMR will join hands together to actualize this mission. Each participating institute (PI) has develop a cluster of five villages in its vicinity with various technical interventions as per local requirements. Through UBA, the dream of Mahatma Gandhi to achieve Gram Swaraj at one end and dream of Developed Nation by our leaders like Dr A P J Abdul Kalam have been integrated to strengthen the Indian Economy. India has about 6.40 lakh villages spread over 329 Million Hectares of diverse geographical area having a wide natural and cultural bio-diversity. In the era when the whole world is facing major challenges of Climate Change due to carbon emission and pollution as a result of anthropogenic development process, we have to chalk out a judicious plan of sustainable rural development empowering the rural poor, artisans, farmers, tribes and women.

With the above background the major Sub-themes of the Seminar would be:

Beautiful City and Beautiful NITTTR Campus

CHANDIGARH – THE CITY BEAUTIFUL

Located at 270 km north-west of New Delhi, City Beautiful Chandigarh, a well-planned and one of the fastest growing metropolitan cities of modern India, has emerged as an ideal Education and Training Centre in recent times. The city is a hub of many R&D projects, academic and industrial institutions including: SCL, Terminal Ballistic Research Lab, Snow & Avalanche Studies Institute, BEL, Software Technology Park, C-DAC, Medical and Engineering Colleges, Post Graduate Medical Institute, Central Scientific Instruments Organization etc. The city also offers pleasing sights in Rose Garden, Botanical Garden, Topiary Park, Terrace Garden, Rock Garden, Capital Complex, Museum and Art Gallery, Sukhana Lake etc.

ABOUT THE INSTITUTE

Since its inception in 1967, NITTTR (formerly TTTI) Chandigarh has made rapid strides in the areas of engineering and technology and emerging areas like computer, educational technology, entrepreneurship development, rural development, industry-institute interaction and educational management. Presently, the institute conducts more than 300 short-term training programmes annually for polytechnics and engineering colleges teachers, professionals and managers of industries. The institute also conducts a large number of AICTE sponsored Summer and Winter Schools every year. The institute offers five postgraduate programmes in engineering through regular and modular modes. In addition to education and training programmes, the institute renders extension services, undertakes research and development projects, Consultancy Projects, MOOCs Programmes and develops print and non-print instructional material.
