MESSAGE

The completion of eight years of the Unnat Bharat Abhiyan is a momentous occasion. Greetings and best wishes to everyone associated with the programme and to the Ministry of Education, IIT Delhi and other institutions, as well as various stakeholders.

Education and knowledge are pillars which support the nation's progress. We are striving tirelessly to make India a knowledge hub and to empower higher educational institutions to play a larger role in nation-building.

When it comes to development of our rural areas, we believe in 'आत्मा गाँव की, सुविधा शहर की' – facilities that empower aspirations and boost ease of living are reaching villages and serving the people.

Unnat Bharat Abhiyan is an initiative that is playing the role of an enabler in transforming the rural landscape. The Abhiyan is pivotal in leveraging the intent and energy of our talented minds to devise solutions to accelerate sustainable and holistic growth of rural India.

The role of IIT Delhi as the national coordinating institute under the scheme deserves appreciation.

The Amrit Kaal of the next 25 years is an opportunity to march ahead with a new resolve to realise the vision of a developed India, in which education and rural development play key roles.

May the booklet being published on the occasion capture the essence of the scheme and inspire a larger number of higher educational institutions to work for the holistic development of rural and remote areas.

(Narendra Modi)

Unnat Bharat Abhiyan

ABOUT UNNAT BHARAT ABHIYAN 2.0

Unnat Bharat Abhiyan (UBA) a flagship program of the Ministry of Education (MoE), GoI is inspired by the vision of transformational change in rural development processes by leveraging knowledge institutions to help build the architecture of an inclusive India. It aims to create a vibrant relationship between the society and higher education institutions, with the latter providing scientific knowledge and technological support to improve livelihoods & lives in rural areas and to enable faculty and students of higher educational institutions to work with the people of rural India in identifying development challenges, and evolving appropriate solutions for accelerating sustainable growth of villages.

The program was formally launched by the Ministry of Education (MoE) on 11th November 2014 by His Excellency, the President of India with IIT Delhi as the National Coordinating Institute. The thematic areas of UBA are sustainable agricultural systems; water resource management; rural energy systems; artisans; industries & livelihoods; and basic amenities (rural infrastructure, connectivity, school education etc). As of December, 2023 there are about 3644 Participating Institutes under UBA spread across to 550+ districts, 28 states and 8 UTs connecting to over 18000+ villages.

OUR VISION

Unnat Bharat Abhiyan is inspired by the vision of transformational change in rural development processes by leveraging knowledge institutions to help build the architecture of an Inclusive India and to have a paradigm shift in academic and research programs of the country with experiential learning in students and teachers of Higher Education Institutions.

OUR MISSION

Develop the necessary mechanism and proper coordination among educational institutions, implementation agencies (District administration / Panchayati Raj Institutions) and the grassroots level stakeholders to enable effective interventions at the field level.

Select suitable rural clusters and effectively participate in the holistic development of these clusters using eco-friendly sustainable technologies and local resources creating sufficient employment opportunities in the process, harnessing multifarious government schemes, customised use of existing technologies, and use of knowledge as per the local needs.

Reorienting the academic curricula and research programs in higher education institutions to make them more responsive to the needs of the time and to bring in holistic development and enrich knowledge of students about issues of villages/society.

OBJECTIVES OF UNNAT BHARAT ABHIYAN 2.0

To engage the faculty and students of Higher Education Institutions in understanding rural realities.

To identify & select existing innovative technologies, enable customisation of technologies, or devise implementation methods for innovative solutions, as per the local needs.

To leverage the knowledge base of the educational institutions for effective implementation of various government programmes.

STRATEGY OF UNNAT BHARAT ABHIYAN 2.0

Capacity enhancement of Higher Education Institutions in research and training activities relevant to national needs, especially those of rural India.

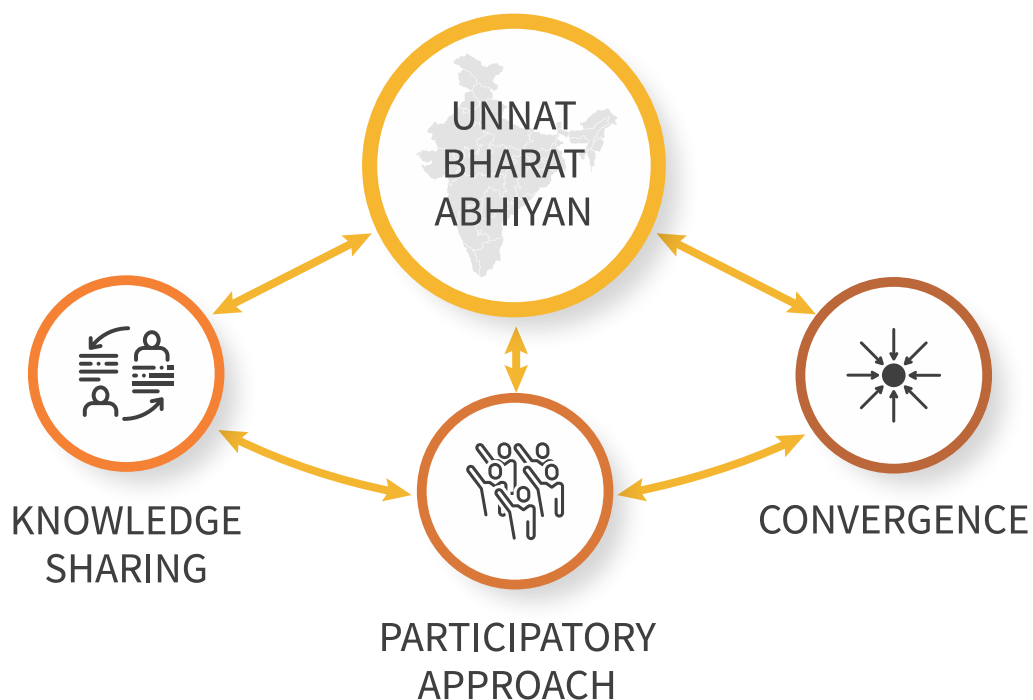

Village Adhyan (गाँव का अध्ययन)
Situation analysis, Need Assessment of the adopted village with objective to study, assess and identify area of intervention / initiatives on different subjects broadly categorized

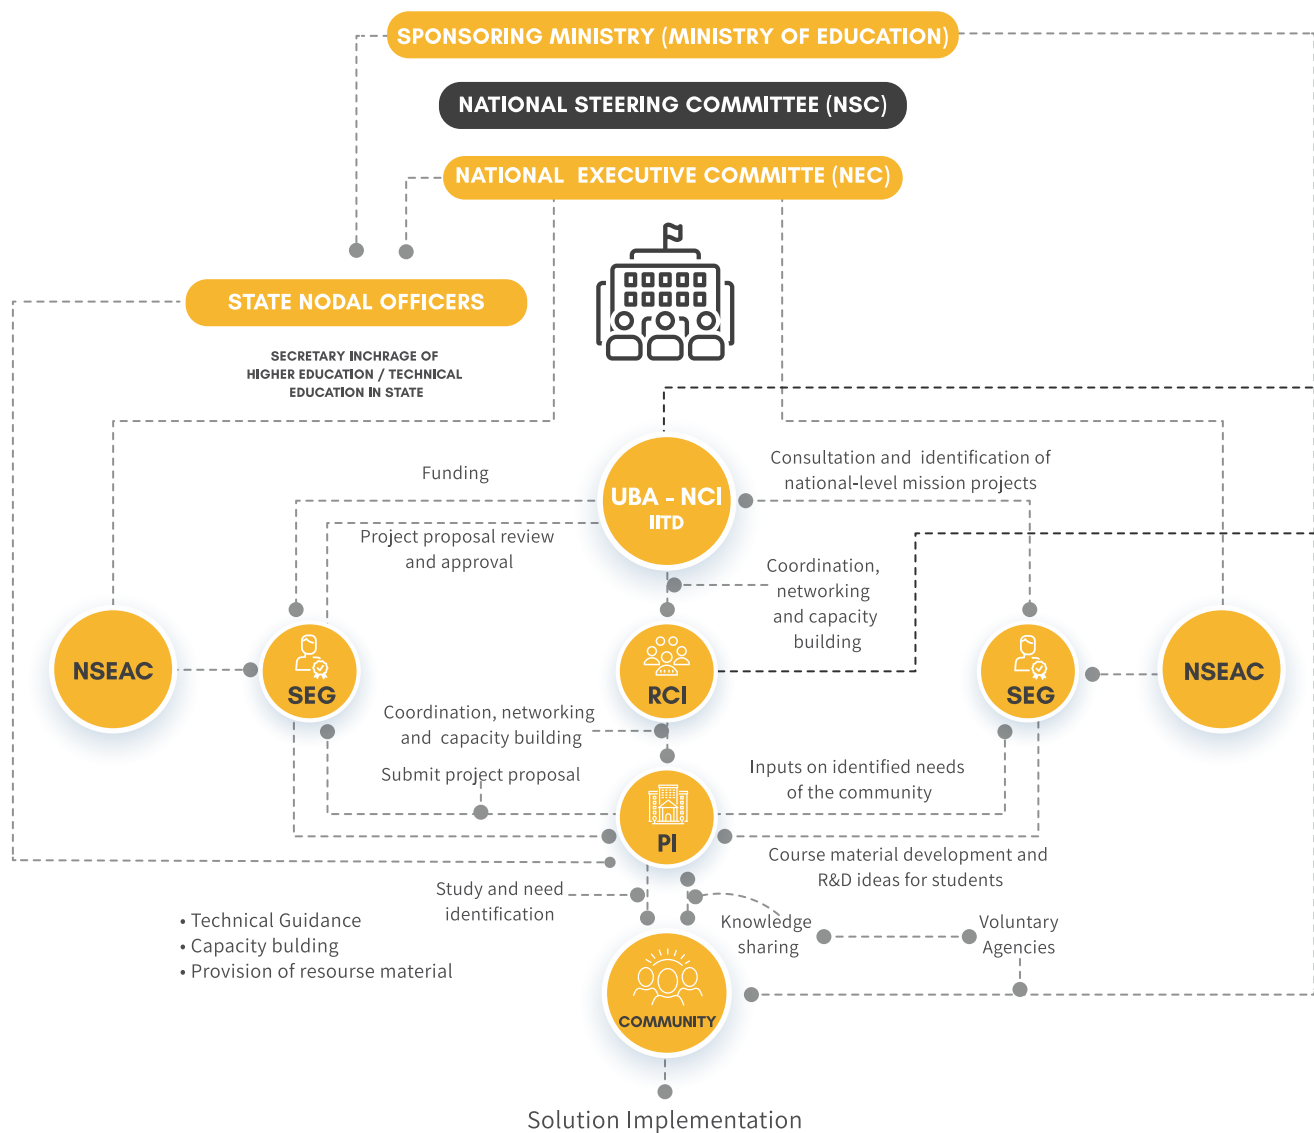

To create a virtuous cycle benefitting the society, government, and higher education system.

ETHOS OF UNNAT BHARAT ABHIYAN 2.0

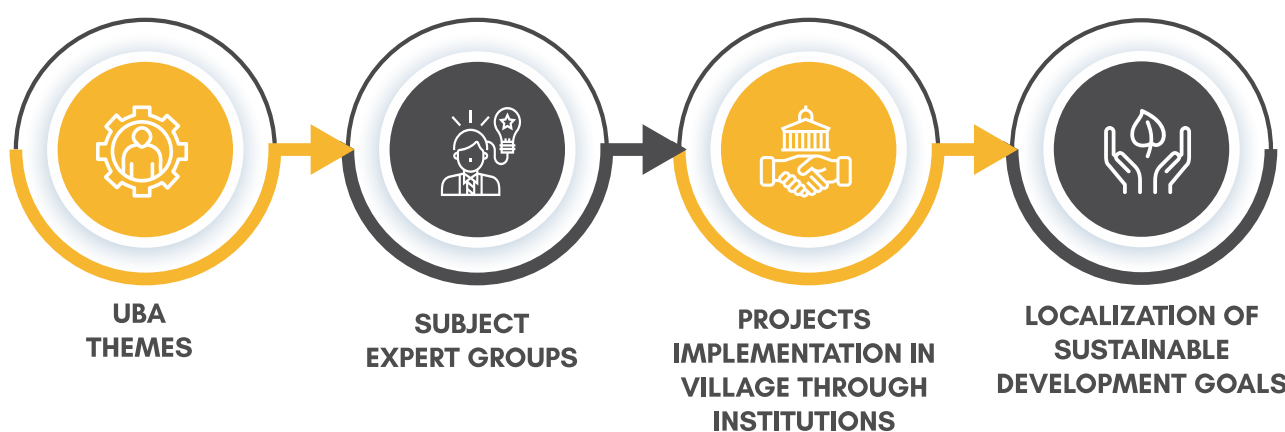

UNNAT BHARAT ABHIYAN 2.0

ORGANIZATIONAL STRUCTURE

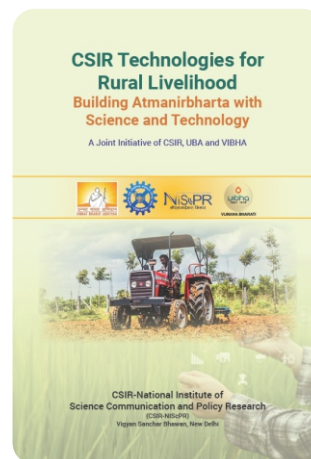

- **Sponsoring Ministry–MoE:** The Ministry of Education(MoE), Government of India, has launched the program of Unnat Bharat Abhiyan (UBA), a national program with the vision to involve the higher education institutions of the country for the sustainable development of villages.
- **National Steering Committee (NSC):** An empowered NSC has been constituted by the Ministry of Education for guidance and monitoring of the program at national level and to provide direction and requisite thrust to the program.
- **National Executive Committee (NEC):** A National Executive Committee has been constituted to take policy-related decisions for Unnat Bharat Abhiyan.
- **National Coordinating Institute (NCI):** The Indian Institute of Technology Delhi is the National Coordination Institute (NCI) for the scheme. The NCI is responsible for the effective execution and monitoring of the program.

- **National Subject Expert Advisory Committee (NSEAC):** NSEAC was formed for the better and effective interventions of technologies in the villages. The main objective is to make an impact on the ground and deliver the results of the program to the people in rural areas through desired technical, management, social interventions.
- **Regional Coordinating Institutions (RCIs):** To facilitate, guide and monitor the activities of the participating institutions (PIs), 50 Regional Coordinating Institutions (RCIs) are identified on the basis of their earlier experience and infrastructural competence etc. The responsibilities of RCIs are:
 - RCIs will act as nodal centres for promoting & facilitating UBA network in their region.
 - RCIs will groom PIs of the region to design innovative solutions for the challenges in the village.
 - RCIs is responsible to facilitate, guide and monitor the activities of Participating Institutions in their region.
- **Participating Institutions:** Any Higher Educational Institute willing to work with Unnat Bharat Abhiyan, can join the programme by applying online on UBA website. The responsibilities of PIs are:
 - As part of the programme, it is mandatory to identify/select five villages in consultation with the district collectors for the activities under the UBA.
 - Institutions are expected to do field studies, study the implementation of government schemes, and facilitate their better implementation so that they meet their objectives.
 - PIs should engage interested faculty members & students, NSS and other bodies of the institutes engaged in community development activities.
 - The selected PIs will work with state government, district authorities / PRIs / other institutions and non-governmental bodies, for arriving at suitable solutions for improving the social and economic well-being of the rural communities.
- **Subject Expert Group Institutions (SEGs):** The Subject Expert Groups provide operational expertise sought by the institutions engaged in the rural work. The responsibilities of SEGs are:
 - To act as a think tank and technical expertise resource.
 - To provide guidance on the vision, strategies and tentative roadmap in the subject area.
 - To provide technology compendium in their Subject Expert area.
 - To evaluate and approve new technical solutions submitted by PIs or any other inventors.
 - Localization of sustainable development goals and making carbon neutral gram panchayat.
 - The main objective is to make an impact on the ground and deliver the results of the program to the people in rural areas through desired technical, management, and social interventions.

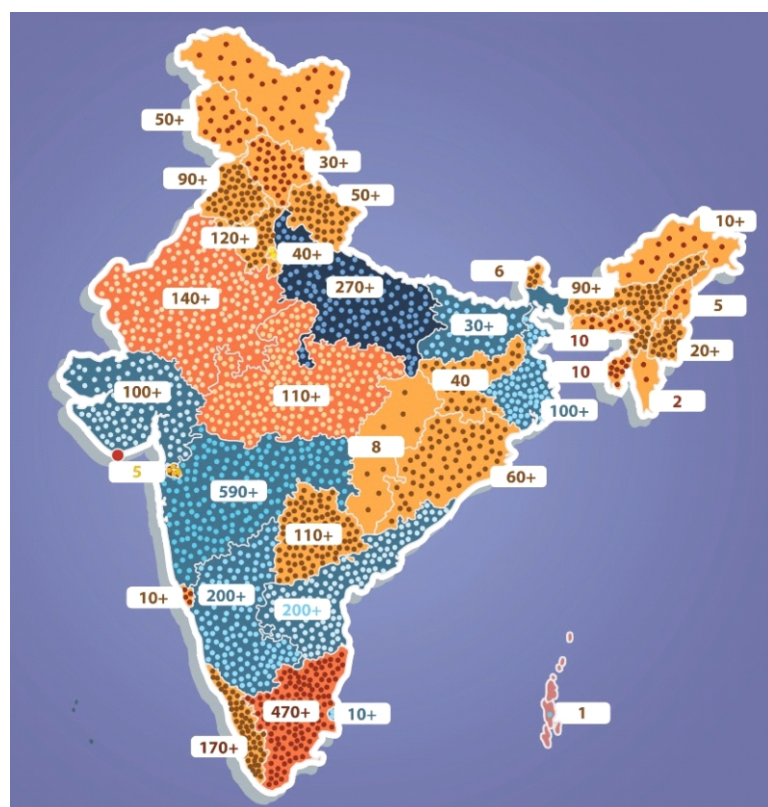

LAUNCH OF UNNAT BHARAT ABHIYAN (UBA- 2.0) ON APRIL 25TH, 2018 AT AICTE, NEW DELHI.

LAUNCHED BY DR. JITENDRA SINGH, HON'BLE UNION MINISTER OF STATE, OF SCIENCE AND TECHNOLOGY AND MINISTRY OF EARTH SCIENCES ON JANUARY 14TH, 2022

UNNAT BHARAT ABHIYAN FOOTPRINTS TILL TODAY

- ✦ PARTICIPATING INSTITUTES - 3644
- REGIONAL COORDINATING INSTITUTES - 50
- ▲ SUBJECT EXPERT GROUPS - 14

SEGs in Pipeline

- Affordable healthcare
- Women empowerment
- Digital empowerment

- In line with UBA requirements, UGC has started two credit course on “Community Engagement & Social Responsibility” for UG and PG students and setup 7 regional master training centres in the country.
- AICTE has started 100 hours “Rural Internship Programme” for all technical colleges.

TECH4SEVA

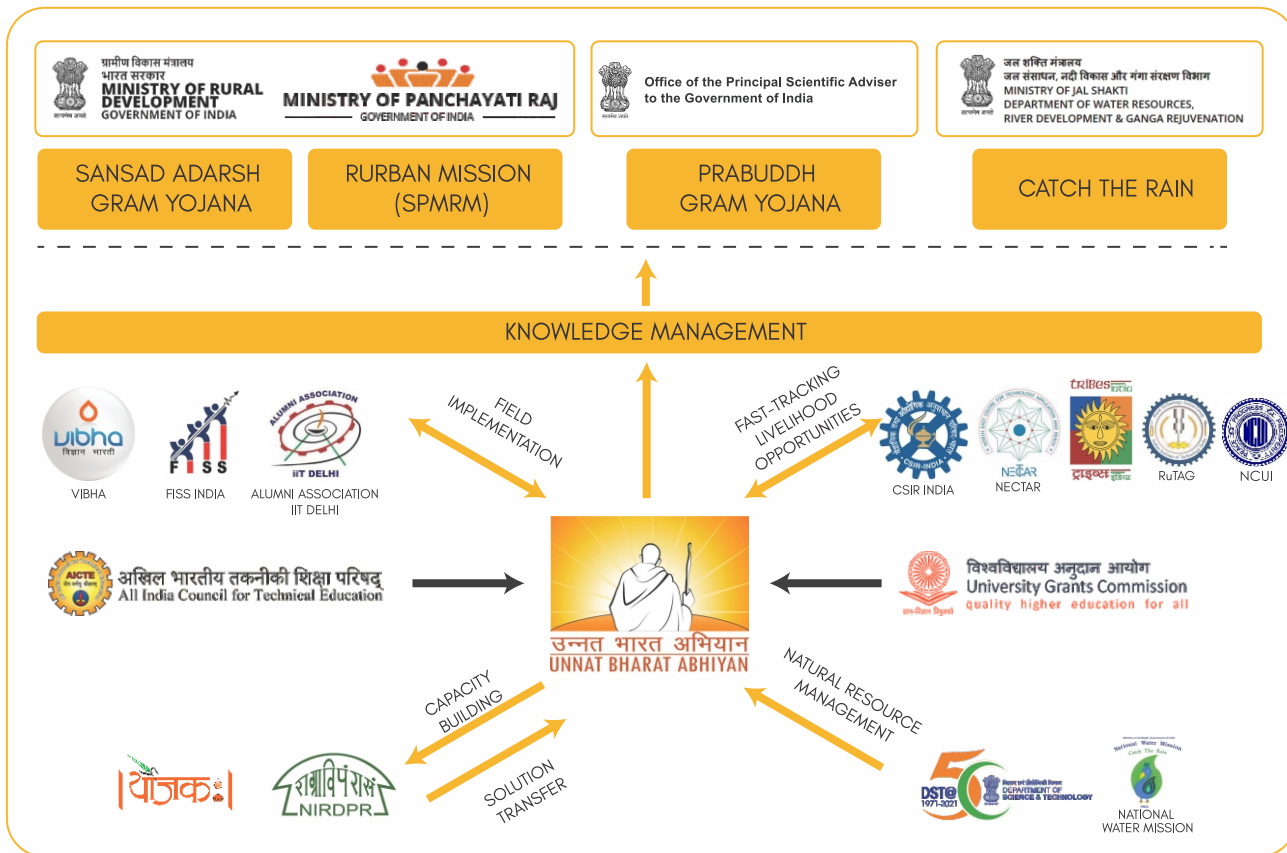

Technology Outreach as an Enabler for Inclusive & Sustainable Development.

- UBA and VIBHA jointly organised 3-day technology outreach workshop “Tech4Seva”, in 2019 and again in 2021 where eminent academic and R&D organizations and community through, PRIs, field and social organizations participated and deliberated on the idea of bringing process of technology development closer to need of the society.
- Tech4Seva has created a process to bring all stakeholders (technology providers, disseminators, facilitators, and seekers) on a common platform in real-time to facilitate rural development through S&T
