

Webinar on Public Health Awareness

Attendance-1st February 2021

On February 1st, 2021, Rai University conducted a webinar on Public Health Awareness in collaboration with the PHC Center in Soroda. Dr. Kusum Mishra, MBBS Physician, enlightened participants about general health and hygiene practices. Twelve student volunteers facilitated online connectivity for local villagers. The webinar aimed to raise awareness about public health issues, emphasizing the importance of maintaining hygiene and overall well-being. Dr. Mishra's expertise and the students' voluntary efforts ensured effective dissemination of vital health-related information to the community, fostering a culture of informed decision-making and proactive health management.
