

College: Bharati College, University of Delhi
Society: National Service Scheme
Date: 4th March, 6th April, 7th April, 14th April, 2024
Name of Event: Survey in Possangipur Village
Title: Unnat Bharat Abhiyan

Introduction:

Possangipur Village, situated in Janakpuri, New Delhi, was visited by the NSS unit of Bharati College under Unnat Bharat Abhiyan where 100 household surveys were conducted. The visit's goal was to evaluate and take care of the residents' numerous problems. The surveys were carried out in 2024 on March 4, April 6, April 7, and April 14.

About village:

Village Name : Possangipur, Janakpuri, New Delhi (पॉसंगीपुर जनकपुरी)

District : West Delhi

State : Delhi

Language : Hindi

Ward : JANAKPURI WEST Ward

Assembly constituency : Janakpuri Assembly Constituency

Assembly MLA : Rajesh Rishi

Lok Sabha constituency : West Delhi Parliamentary Constituency

Parliament MP : Parvesh Sahib Singh Verma

Pin Code : 110058

Post Office Name : Janakpuri C-4

Objectives:

1. Recognize and record challenges experienced by Possangipur Village inhabitants.
2. Evaluate the necessity for enhancements in cleanliness, safety, water access, sanitation, and other essential aspects.
3. Provide suggestions and potential resolutions for addressing the identified problems.
4. Assess the urgency and feasibility of implementing proposed solutions.
5. Collaborate with local authorities and community members to implement effective measures for improvement.

Summary:

The NSS unit of Bharati College visited Possangipur Village to conduct household surveys, aiming to gather information about residents' daily challenges. These surveys focused on issues like waste collection frequency, common health problems, awareness of government schemes, energy and water sources, sanitation systems, major resident problems, and their suggested solutions.

Key Participants:

1. NSS volunteers of Bharati College
2. Residents of Possangipur Village

Outcomes:

Based on the conducted surveys, the following issues were identified:

1. Insufficient park maintenance.
2. Water supply issues and sewage clogging.
3. Issues with Rain water
4. Limited parking space availability.

Recommendations received from the residents:

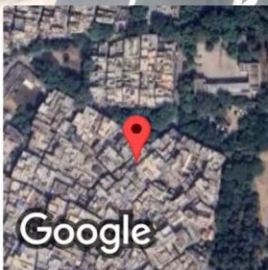

1. Implement regular cleanliness drives and awareness campaigns to promote cleanliness in the village.
2. Enhance safety measures through increased police patrolling and community engagement programs.
3. Allocate resources for park maintenance and encourage community participation in its upkeep.
4. Address water supply issues and improve sewage management systems.
5. Monitor and ensure the availability of sufficient food resources in ration shops.
6. Evaluate the need for additional parking spaces and explore solutions to address the parking space issue.

Conclusion:

The household surveys conducted by the NSS unit of Bharati College in Possangipur Village revealed multiple challenges encountered by residents, underscoring the necessity for cooperation among the community and local authorities.
