Workshop Report:

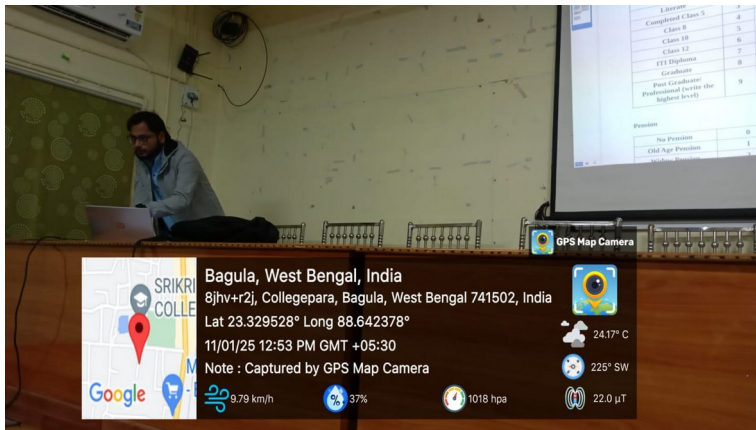

A workshop on "Hands-On Training for Conducting Village/Household Survey" was conducted under the flagship program of Unnat Bharat Abhiyan (UBA) on 11/01/2025. Around 70 participants including 60 students attended the workshop. The objectives of the workshop were:

1. To provide training on the methodology of household surveys.
2. To familiarize participants with survey tools and techniques.
3. To ensure accurate data collection for planning and implementing developmental initiatives.

The session started with the welcome address of our honorable Principal sir Dr. Sukdeb Ghosh followed by a short speech by Dr. Bipul Mandal, NSS Program Officer and Co-Coordinator of UBA Cell. Dr. Sujay Pal, Coordinator of UBA Cell, then gave an overview of the UBA program and explained the survey procedures. The students were divided into 25 groups, and a demonstration of survey form filling was conducted during the workshop.

The workshop successfully achieved its objectives by equipping students with the necessary knowledge to conduct household surveys. Participants expressed their enthusiasm for contributing to rural development initiatives under UBA.
