Community Cleaning Drive Initiative around Shoolini

On February 10, 2024, a walking trip to nearby Tatool village under Sanhol Panchayat was organized. A large group of students walked from Shoolini University to the village. The students gathered outside central library and the trip started at 9:30am in the morning. The trip was led by DSW Team. NSS volunteers and NCC cadets volunteered for the trek. The trek was indeed a beautiful one. The majestic trees and the gushing streams added to the thrill of the trek on completing the first half of the walk to Shivdhar, volunteers were given some refreshments, and some fun & games were organized. The volunteers did some plogging and collected garbage and plastic on the way. The students enjoyed the trek as if was a new experience for many of them.
