## Engaging Children in the Community through Story Telling

On April 02, 2024, Shoolini volunteers lead by DSW Team went to Prayas School in Manjholi village which is situated next to university campus. The purpose of this visit was to inculcate the moral values among the Primary School students. For this reason, a group of students of Shoolini University had prepared the skit plays based on the stories based on moral values. While other group shown the videos based on Moral values in front of the school students. The school students were asked questions related to their leanings from the stories shown to them. First group had painted their faces with the shapes of character they were going to play. These students had painted their faces with the shapes of Monkey, Crocodile, Deer and Lion etc. During the play, the school students also got to wear animal face masks that DSW Team had taken with them. The school students were very happy with activities and School Teacher appreciated the efforts of Shoolini volunteers and thanked DSW Team and Shoolini University for this effort. A total of 38 short story books were also gifted to the School Library so that school students can read and learn from them. Everyone was served refreshments at the end.
