UNNAT BHARAT ABHIYAN

மேம்பட்ட இந்தியா பிரசாரம்

Introduction:

The UBA Rural Internship began on **7th April 2025** with an **orientation session at Sri Sairam Techno Incubator Foundation**. During the first day, students were introduced to **Objectives** of the UBA Rural Internship, **Roles and responsibilities** during Internship, **Awareness on survey methods, community interaction, and sustainable practices**. This session served as a **foundation for the internship**, preparing students to engage effectively with the adopted villages and contribute meaningfully to rural development initiatives. Through this internship program, students actively engaged with adopted villages to **understand rural lifestyles, identify local challenges, and contribute to sustainable development**. After collecting the household and village survey forms, the **data from the surveys was systematically entered into the official UBA government portal**. This process helped in **digitally documenting the village information**, which will later support the **creation of Village Development Plans (VDPs)** and enable **effective monitoring of rural development initiatives**.

UNNAT BHARAT ABHIYAN மேம்பட்ட இந்தியா பிரசாரம்

About the Event :

Location: Sri Sairam Techno Incubator Foundation

Date: 8th April 2025 – 22nd April 2025

Time: 9:00 AM – 4:10 PM

Participants: 27 Students

UBA Coordinator: Mr. R Chithrakkannan

Objective :

The UBA Rural Internship aims to bridge the gap between academic learning and realworld rural challenges. The UBA Rural Internship aimed to familiarize students with the process of documenting and managing rural development data through the official UBA government portal. The internship provided students with practical experience in handling digital data entry, which supports village development planning and monitoring under Unnat Bharat Abhiyan.

Key goals included :

- Entering collected village Household survey data into the UBA portal accurately and systematically.
- Ensuring proper digital documentation of rural information for development planning.
- Understanding the workflow of UBA initiatives and how data contributes to government planning.

UNNAT BHARAT ABHIYAN PORTAL:

The Unnat Bharat Abhiyan (UBA) Portal is the official digital platform of the Ministry of Education, Government of India, designed to collect, document, and monitor rural development data from higher educational institutions participating in the UBA initiative.

Through this portal:

- The interns uploaded the village and household data collected from our adopted villages.
- The data is used to analyze local needs and prepare Village Development Plans (VDPs).
- Progress of rural development activities under UBA can be tracked efficiently through this UBA portal.

WORK COMPLETED :

VILLAGE NAME	NO. OF HOUSEHOLDS DATA UPLOADED IN PORTAL
POONTHANDALAM	1337
NADUVEERAPATTU	266
PUDUCHERI	09
NANDAMBAKKAM	701
VARADARAJAPURAM	291
SOMANGALAM	470
TOTAL	3074

- As part of our outreach and development initiative, household surveys and interventions were successfully carried out across **six villages**.
- This effort covered over **3,074 households**, reflecting our commitment to inclusive rural engagement and data-driven planning.
- The varying levels of engagement across villages offer insights into regional needs and guide future focus areas.

VILLAGE VISIT

After completing the data entry process, as part of our internship program, we visited **Poonthandalam village**. During this visit, we explored all **nine wards of the village** to gain hands-on experience and to understand the **needs and challenges** faced by the local residents. We analyzed the **underlying problems** in each ward and discussed **practical, need-based solutions** tailored for the community. Additionally, we visited and reviewed the **various initiatives implemented by Sairam Institutions** in Poonthandalam, which gave us a clear understanding of the **impact and effectiveness of their efforts in rural development**.

During our village visit to **Poonthandalam** as part of the **UBA Rural Internship Program**, we had the opportunity to visit **Sairam School**, which is supported and funded by **IEEE** and **SIGHT USA**. This initiative focuses on **enhancing educational facilities in rural areas** and aligns with **SDG #4 – Quality Education**. Our team interacted with the school authorities and observed the infrastructure and initiatives undertaken to improve the **learning environment for rural students**. This visit provided us with **practical insights into how institutional and international collaborations** can contribute to the **holistic development of villages**.
