

Meeting with Various Stakeholders

On December 11, 2024, a meeting was held at RCI-MSU Baroda, bringing together prominent figures such as Prof. Sunita Sharma, UBA Coordinator; Hiral Rajput, Vice President HR for Hitachi Energy - South Asia; Ms. Ananda Bhatt, HR and Communication professional at Hitachi Energy; Bharat Sharma, Director of 2B Aggregators Pvt. Ltd.; and Archit Sharma, UBA Manager. They discussed the Unnat Bharat Abhiyan's (UBA) role in driving sustainable development in rural areas through partnerships between educational institutions and the private sector. Prof. Sharma outlined UBA's vision, Hiral Rajput expressed her commitment to green energy and artisan development, and Bharat Sharma focused on improving educational infrastructure and skill training. The meeting ended on a positive note with a unanimous commitment to advancing UBA's initiatives in green energy, artisan support, educational enhancement, and technological education, highlighting a collaborative approach to empowering rural communities.

On December 21, 2024, a strategic meeting with senior architect Mukesh Mehta brought insightful discussions on enhancing rural infrastructure through the Unnat Bharat Abhiyan (UBA). Known for his significant contributions to urban redevelopment, Mukesh Mehta shared how his expertise could be crucial in developing sustainable infrastructure in villages and promoting local employment opportunities. He emphasized integrating sustainable practices to bolster the local economy and ensure environmental preservation, laying a strong foundation for rural development initiatives under UBA.
