EVENT REPORT

The UBA Cell (Unnat Bharat Abhiyan) of Dogra Degree College in collaboration with NSS Unit of Dogra Degree College (Autonomous), organized a comprehensive Cleanliness Drive and Dengue Awareness Programme in the adopted village of Meen Sarkar on 18th November 2025. The event was meticulously coordinated under the guidance of Ms. Shivangi Dhrora, Co-convener, UBA Cell & Ms. Simran Thakur, Programme Officer, NSS Unit, and, with constant support and encouragement from Principal, Dr. Bela Thakur.

The drive aimed to promote cleanliness, environmental hygiene, and preventive measures against dengue and other vector-borne diseases. NSS volunteers energetically participated in cleaning public areas, removing waste, clearing stagnant water, and spreading awareness about the vital role of sanitation in preventing mosquito breeding.

A key highlight of the programme was the door-to-door awareness campaign, during which volunteers interacted directly with villagers to educate them on maintaining hygiene, identifying early dengue symptoms, and adopting preventive practices. Students also listened patiently to the grievances and concerns of residents, particularly regarding sanitation issues, waste management, and water stagnation. These concerns will be documented and communicated to relevant authorities to initiate constructive action under the UBA framework.

During the outreach, the team also met with one of the Panch members of the village, who appreciated the efforts of the college and shared valuable insights about the existing challenges faced by the community. The Panch member assured cooperation in future initiatives and encouraged continued collaboration for improving village sanitation and health awareness. Additionally, informative sessions were conducted to demonstrate practical dengue-prevention steps such as covering water containers, eliminating breeding sites, and adopting safe personal protection measures. Principal, Dr. Bela Thakur, lauded the dedication of the NSS volunteers and the collaborative approach of the NSS Unit and UBA Cell. She emphasized that such field engagements help students develop empathy, leadership, and a deeper understanding of community issues—qualities essential for responsible citizenship.

The residents of Meen Sarkar expressed gratitude for the initiative and acknowledged the positive impact of the volunteers' efforts. The programme concluded with a renewed commitment to uphold cleanliness and adopt preventive health practices, reiterating the belief that "A clean village is a healthy village."
