

**October 14 & 15, 2025**

### **Screen, Support, Survive – Breast Cancer Screening**

As part of Pink October 2025, Shoolini University organized a breast cancer screening camp for women at Kalyan Bhawan, Solan, in collaboration with the YouWeCan Foundation, on 14th and 15th October. The initiative aimed to promote early detection, preventive care, and awareness about breast cancer, providing crucial support to women in the local community who may have limited access to screening facilities. The camp offered free breast cancer screenings conducted by trained healthcare professionals in a safe and supportive environment. Volunteers from Shoolini University assisted in registration, guidance, and facilitation, helping women navigate the process while emphasizing the campaign's key message: "Early detection saves lives."

The camp was conducted by the YouWeCan medical team, educational materials were also distributed, offering guidance on self-examination techniques, common warning signs, and healthy lifestyle practices. Volunteers actively engaged participants, addressing queries and encouraging them to share the knowledge with other women in their families and communities, extending the reach and impact of the initiative. The screening camp successfully reached a diverse group of women from Solan, promoting awareness and proactive health practices. By combining professional medical services with volunteer support, the initiative ensured that participants received both practical assistance and educational guidance, making a tangible difference in community health. A total of 150 women were screened.

Through "Screen, Support, Survive – Pink October Initiative", Shoolini University demonstrated its commitment to women's health, community service, and preventive care, highlighting the power of awareness combined with action to save lives and empower communities.
