Outreach and Distribution of “Oru Kaipidi Arisi” Contributions

After the successful World Record achievement of the “**Oru Kaipidi Arisi**” (A Handful of Rice) initiative, the **Lions Club of Indra Ganesan** and the **Unnat Bharat Abhiyan (UBA)** unit of **Indra Ganesan College of Engineering** carried out a series of impactful distribution programs across Tiruchirappalli on 19.03.26

The rice collected through the collective contributions of 3,000 students was distributed to various welfare centers, transforming a symbolic gesture into tangible community support. The outreach team visited four key locations to ensure the collected nourishment reached those in need:

- **Kamala Balakrishnan Muthiyor Illam (Vinoba Nagar):** Rice was distributed to the elderly residents, sharing moments of compassion and providing essential support for their daily needs.
- **Al-Hudha Orphanage:** The initiative reached out to the children of the orphanage, spreading care and ensuring they receive proper nourishment through the generous contributions of the student community.
- **Loubra Blind Disabled Welfare Centre:** The team extended their service to the differently-abled community, reinforcing the institution's commitment to inclusive social welfare.
- **Local Communities in Need:** In addition to these centers, the outreach included identified underprivileged families to ensure the spirit of "sharing a handful" reached the grassroots level.

This extensive service journey was conducted under the visionary guidance of **Er.G.Rajasekaran**, Secretary, Indra Ganesan Group of Institutions, **Dr.G.Balakrishnan**, Director, Indra Ganesan Group of Institutions. The distribution drive was initiated and spearheaded by **Dr.M.Anusuya**, Registrar, whose efforts ensured that the mission of the "Oru Kaipidi Arisi" project was fulfilled through direct action.

The active participation of **Lions Club members** and **UBA students** made these visits both meaningful and impactful. By moving from a campus-based world record to a city-wide distribution drive, the Indra Ganesan Group of Institutions successfully instilled a deep sense of humanitarianism and social responsibility in its students, proving that a single handful of rice can indeed make a world of difference.
