List of Activities:

ACTIVITY1:

Name of the Activity:

“THE NATIONAL IMMUNIZATION DAY (PULSE POLIO) PROGRAM”

The Pulse Polio drive on December 21, 2025, involved students from D.L.R. COLLEGE PG COURSES.

Objective: The campaign aimed to administer oral polio vaccine (OPV) drops to all children under five years of age to maintain India's polio-free status. The program went off smoothly and successfully.

Coverage: In G.Mamidada village achieved 90% coverage

Target Group: All children under the age of five (0–5 years).

Participation Details: Fifteen students from 1st and 2nd year MCA and MBA and M.Sc

volunteered to participate in the programme. the students rendered their volunteered service at Government Primary Health Centre and Anganavadi Kendras during Pulse Polio Immunization on Sunday, 21 December 2025

ACTIVITY2:

Name of the Activity:

“TO HELP NEEDY AGED PEOPLE PROGRAM”

OBJECTIVES:-

1. To help needy aged irrespective of cast or creed
2. To provide food and clothing.
3. To Direct observational experience.
4. To provide medical care to improve the health.
5. To promote self-confidence

The visit was informative, as a record of 20 students participated in it. It was a 5 hours visit which started at 11:00 am on 18-12-2025

It was a very good occasion with full of satisfaction that the team could bring some rays of happiness among the elderly

ACTIVITY3:

Name of the Activity:

“Awareness Activity on Plastic Free Zone”

Objective: The staff members and student volunteers of the Unnat BharatAbhiyan cell of

D.L.R PG COLLEGE, G.MAMIDADA conducted an activity on **Plastic Free Zone**

at Village Gandredu on December 11, 2025. The activity was conducted amongst villagers in order to create awareness on health and motivate them to not use plastic bottles, glasses, covers and plates on community surroundings in the concerned village.

Outcomes & Impact:

The village people and children were made aware of the potential disastrous

effects of plastic on the flora and fauna as well as on our health. The people of the village exhibited a ready willingness and enthusiasm in discontinuing plastic from their lives.

However, there were a few people in the village who opined the lack of suitable and cost effective alternatives to plastic bags and other essential commodities in their daily lives, and hence exhibited a resistance to discontinuation of plastic.
