

## World Water Day 2026

As per Office Order No. 61 dated 18.03.2026, on the occasion of World Water Day (22 March 2026), a cleanliness drive and awareness initiative was conducted in the UBA-adopted village Annu by student volunteers of the Government College of Pharmacy, Rohru, under Unnat Bharat Abhiyan (UBA). The objective of the activity was to promote water conservation, improve sanitation around a local water source, and create awareness about maintaining cleanliness and protecting water resources. A total of 12 student volunteers actively participated in the cleanliness drive. The volunteers cleaned an area of approximately 10 sq. ft. around a local water source by removing garbage and accumulated waste, ensuring its proper collection and disposal. This effort helped improve the hygiene of the surroundings and reduced the risk of water contamination. The initiative contributed to better environmental conditions for the local community, as the water source is used by nearby households.

As part of the activity, an awareness video was also prepared to highlight the importance of clean water, sanitation, and responsible environmental practices. During the drive, 17 villagers were present, and their attendance was recorded. Although they did not actively participate in the cleaning process, their presence contributed to awareness and sensitization regarding the importance of maintaining cleanliness and protecting natural water resources.

Overall, the activity resulted in improved cleanliness of the area, safe disposal of waste, and increased awareness among the local community, while also fostering a sense of responsibility and teamwork among the student volunteers. To ensure the smooth execution of the activity, essential items were procured, including refreshments for the student participants and necessary cleaning materials.

**The detailed expenditure is tabulated below:**

Particulars	Vendor Details		Bill No.	Qty.	Rate	Total Amount
<b>(A) Cleaning Material Expenses</b>
