## SEED BALL DISTRIBUTION EVENT - Mudikandam

**Date: 19/6/2026**

### Introduction

A Seed Ball Distribution Event was organized at Mudikandam with the guidance and blessing of **Er.G.Rajasekaran**, secretary, Indra Ganesan Institutions, Director **Dr.G.Balakrishnan**, Indra Ganesan Institutions, **Dr.M.Anusuya**, Registrar, Indra Ganesan Institutions & the objective is promoting environmental awareness and encouraging tree plantation activities among the public. The program aimed to create awareness about ecological conservation and the importance of increasing green cover in rural areas.

### Objective of the Program

The main objectives of the event were:

- To promote environmental sustainability.
- To encourage afforestation and greenery development.
- To educate the public about the importance of seed balls in restoring vegetation.
- To involve students and local residents in eco-friendly activities.

### Event Details

The event was conducted successfully with the active participation of students, faculty members, volunteers, and local residents in the presence of

**Mr.Sebastian Susairaj Panchayat clerk.**

**Mr.John Sundararajan, People Welfare Officer.**

During the program, seed balls containing native plant seeds were distributed to the participants. The organizers explained the method of using seed balls and their role in improving biodiversity and environmental protection.

Participants were encouraged to throw the seed balls in barren lands, roadside areas, and open spaces during the rainy season so that the seeds could germinate naturally.

### **Activities Conducted**

- Awareness speech on environmental conservation.
- Demonstration on the preparation and usage of seed balls.
- Distribution of seed balls to students and villagers.
- Interaction session on tree plantation and sustainable practices.

### **Participation**

The event witnessed enthusiastic participation from students, faculty coordinators, and members of the local community. Their active involvement reflected their concern for environmental protection and sustainable development.

### **Outcome of the Event**

The Seed Ball Distribution Event created awareness among the participants regarding the importance of protecting nature and increasing green cover. The initiative motivated students and villagers to contribute towards environmental conservation through simple and effective

### **Conclusion**

The Seed Ball Distribution Event at Mudikandam was a meaningful and successful initiative. It helped spread awareness about environmental sustainability and encouraged community participation in creating a greener and healthier environment. Such programs play a vital role in building environmental responsibility among the younger generation and society.
