

World Environment Day Celebration

Organized by: UBA CELL OF Smt. Malini Kishor Sanghavi Homoeopathic Medical College & Hospital, Karjan

Date: 5th June 2026

Venue: College Campus

Introduction

On the occasion of *World Environment Day, Smt. Malini Kishor Sanghavi Homoeopathic Medical College & Hospital organized a **Tree Plantation Drive* on *5th June 2026* to promote environmental conservation and create awareness about the importance of preserving nature. The event aimed to encourage students and staff to actively participate in protecting the environment and contribute towards a greener and healthier future.

Objectives

- * To celebrate World Environment Day by promoting environmental sustainability.
- * To encourage tree plantation as an effective measure to combat climate change.
- * To create awareness among students, faculty, and staff about the importance of conserving natural resources.

Activity Conducted

The programme commenced with a brief address highlighting the significance of World Environment Day and the role of trees in maintaining ecological balance. Faculty members, students, and staff enthusiastically participated in the tree plantation activity within the college campus. Various saplings were planted in designated areas to enhance the green cover and improve the campus environment.

Participants were encouraged to take responsibility for nurturing the planted saplings and to adopt eco-friendly practices in their daily lives. The event concluded with a pledge to protect nature and contribute towards a sustainable environment.

Outcome

The Tree Plantation Drive successfully raised awareness regarding environmental conservation and inspired participants to become responsible environmental stewards. The activity strengthened the institution's commitment to sustainability while fostering teamwork, social responsibility, and respect for nature among students and faculty.

Conclusion

The World Environment Day celebration at Smt. Malini Kishor Sanghavi Homoeopathic Medical College & Hospital was conducted successfully with enthusiastic participation from students and faculty members. The tree plantation activity served as a meaningful initiative towards environmental protection and reinforced the message that collective efforts can lead to a cleaner,

greener, and healthier future.
