FIELD VISIT AND AWARENESS PROGRAMME IN ASHADEEPAM SPECIAL SCHOOL ON WORLD DOWN SYNDROME DAY

Visited By: Fifth Semester Students of P K Das college of college of nursing
Ashadeepam Special School, Koonathara, is an institution dedicated to providing education and care for children with various developmental and intellectual disabilities, including Down Syndrome. The school focuses on creating an inclusive environment, where children receive individualized care, attention, and therapeutic programs. The school aims to foster the development of social, emotional, and academic skills, as well as provide vocational training to ensure that children lead independent lives. Currently, 103 students are receiving training at the school, of which 24 students are inmates.

Objective of the Visit:

The primary objective of the field visit to Ashadeepam Special School, Koonathara, was to raise awareness about Down Syndrome and to observe the methods used in the care and development of children with Down Syndrome. The students aimed to enhance their understanding of the condition and explore how specialized education and therapeutic practices are implemented to support children with special needs.

The school focuses on basic academic skills such as reading, writing, and mathematics for children under 18 years of age. Special emphasis is placed on adaptive teaching methods, including the use of visual aids, simplified instructions, and one-on-one attention to ensure that the children understand the lessons. Speech therapy is provided for children to improve their communication skills. Teachers also offer vocational training, such as candle making, envelope making, and rosary making, for students over 18 years of age. These activities aim to improve fine motor skills and assist in daily living activities.
