A Chronicle of Campus Events

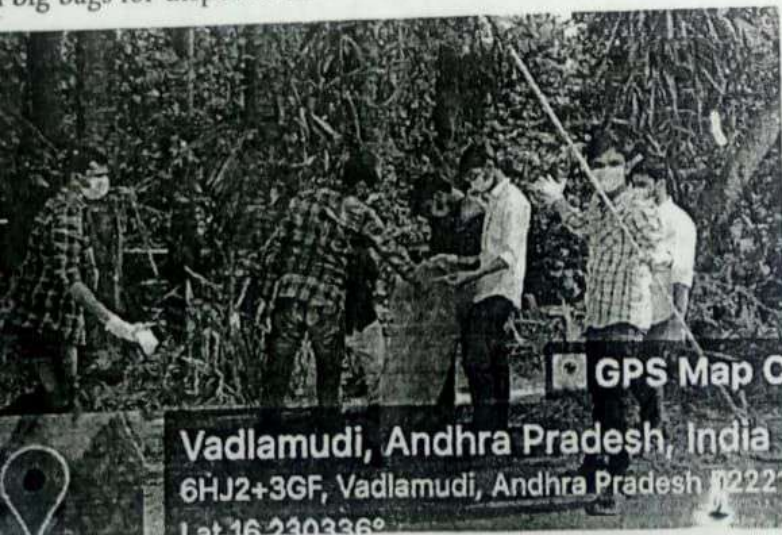

28 January 2023

Swachh Vignan

"A clean India would be the best tribute India could pay to Mahatma Gandhi," said Shri Narendra Modi. On January 18, 2023, the VFSTR UEAC team organised a "Cleanliness Drive" in that spirit. UEAC Programme Officer Dr. Vijayababu Palukuri had delivered the speech, mentioning the importance of sanitation. He told the students that 'cleanliness is next to Godliness.' It plays a vital role in our daily lives. It is the state of keeping clean and remaining away from dirt to achieve and maintain good physical and mental health.

Dr. Vijayababu Palukuri, the UEAC Programme Officer, Mr. Subrhamnnayam, the CSE Faculty Coordinator, Mr. Subrhamnnayam, the UEAC Coordinator, Mr. D. Sureshbabu, and a few other faculty members, along with 155 CSE 2nd year B.Tech students, actively participated in the drive. The volunteers cleaned the front and backside corners of the pharmacy block on campus, wearing gloves and masks, and collected all the litter in big bags for disposal. The volunteers were instructed to clean

their hands with soap at the end of the event. The primary goal of this programme is to raise student awareness of the importance of cleanliness and its benefits. Under this programme, the UEAC volunteers, and maintenance staff actively participated.

Outcome of the event: Through this Swachh Vignan event, the 155 students of CSE 2nd year in two sections (Section A and B) got to know about the importance of cleanliness and its benefits. With the cleanliness on campus, students don't get affected by any diseases as most of the time they live on campus. If they keep the campus surroundings neat and clean, in return, it keeps us healthy and strong.

VC One-on-One Interaction with Individual Faculty Members

The seventh pay grade at VFSTR is intended to attract and retain talented employees. It also promises the career growth of the faculty by showing them the path. In this regard, a special one-on-one interaction with Vice Chancellor Dr. P. Nagabhushan was held in the VC chamber. To get to know the faculty's talent, the vice chancellor met with each and every teaching faculty member individually. Knowing their problems and giving solutions to them, he told them how to allocate their time towards academic progression like paper publication and FDPs, how to get connected to their families, and how to have a good tension-free life at work and home. He also said that Vignan anchors talented people; it gives them a big platform and everyone should use it. In this way, he inspired the desire of individual to pursue professorship as a career goal.
