Principal : Dr.T.Malliga
Program Officer : Mrs.M.Kavitha, Assistant Professor
Program Coordinators : 1.Dr.M.Arunasalam
2.Mrs.V.Varalakshmi

Technical Consultants : 1.N.Karthik, Manager
2. H.Shahul Hameed, Technical Assistant
Chief Volunteer : K.Parameswari, I B.Ed (Tamil)

Student Volunteers :

S.Jayasree	I B.Ed	Tamil
N.Sree Karthiga	I B.Ed	English
E.Janani	I B.Ed	Mathematics
V.Nathisree	I B.Ed	Physical Science
R.Pon Uthra	I B.Ed	Biological Science
D.Devadharshini	I B.Ed	Computer Science
M.Preethi	I B.Ed	History
B.Mohanraj	I B.Ed	Commerce

Activity 1:

Awareness Generation – Women Helpline Awareness Program

Our institution along with UBA, organized a “Women Helpline Awareness Program” on 13.09.2023 with the primary goal of raising awareness about the services and support to women facing various forms of abuse and discrimination. It also aims to showcase the risk factors of social media and the significance of the helpline provided to the women and the girl children.

“Dramatization on Women Helpline among the public”

Activity 2:

Awareness Generation – Rally on Violence against women

Our institution along with UBA, organized a “Awareness rally on Violence against women” with the objective of eliminating violence against women and paving the path towards eradicating violence on 25.11.2023.

“Effective participation of UBA volunteers in Rally”

Activity 3:

Social Mobilization

The UBA volunteers have focused on engaging and empowering our local community through various activities like distributing informative pamphlets and posters, organising health camps to address the issues related to health care awareness and education in our rural community. The target audience includes the residents of all age groups, particularly those who have limited access to healthcare information and services.

“A valuable initiation for the Mobilization of public “

Activity 4 :

Field Survey

Our institution’s UBA volunteers initiated the data collection for Baseline Household Survey form. The faculty members those who guided the team met the village Panchayat President and gathered information regarding fertile area, conveyance, basic amenities, population and their standard of living. The students were divided into five teams and deputed to collect information such as their sanitary facilities, educational qualification, water facility, land holding details and livestock numbers from the natives of the adopted villages.

“Active participation in Baseline Household Survey”

The volunteers reached the door steps of the villagers to collect the data. They drafted the list of individual beneficiaries of PM Yojanas in various aspects. Besides, the volunteers assessed the standard of living of the native people through the criteria given in the Baseline Household Survey form.

Activity 5 : Baseline Household survey

The Baseline Household survey was continued further by our volunteers.

“Collection of data by the volunteers”

The students took enough effort to find out the major problems prevailing in and around the villages. The problems faced by the villagers were listed out in the following activity.

Activity 6 : Situation analysis

Based on the survey, the following problems were identified from the adopted villages.

1. It has been found out that there are no proper street light in the villages which affects the villagers in their emergency situation.

2. The people are struggling a lot by the improper drainage structure and system. There is block in the drainage system and hence there is no proper facility for waste water outlet which causes viral infections.

3. The natives are also affected by the lack of road facility to reach the town. There is no proper maintenance of panchayat roads. Ultimately it affects their education level of the village children.

4. As there is no proper conveyance to the city and the transport timing also improper, the natives are not able to schedule their work properly. It affects their occupation which lowers their standard of living.

5. There is no proper water supply and the water supply timing has not been scheduled properly.

6. Since most of the people are below the poverty line, they were not able construct toilets in their houses. Initiatives should be taken to construct and maintain common toilets in their area.

7. Bus stop renovation was requested by the villagers.

“Depicting the real life situation of the villagers”

Activity 7 :

Awareness rally on Voting rights

Right to vote is something that no one can deny to an individual. As to the quote, our institution's UBA volunteers conducted a voter awareness rally in the adopted villages to educate the people regarding the importance of voting on 27.01.2023.

“Educating the importance of voting through rally”

The rally was inaugurated by our college Principal, Dr.T.Malliga and it was successfully marched by the volunteers along with the faculty members. By holding the awareness placards, the students chanted the slogans regarding voter awareness. The pamphlets highlighting the importance of voting were distributed to the natives.

Activity 8 :

Health campaign

Deworming tablets were issued to the public to diagnose and treat the hook and roundworm infections to improve their health condition.

“Contributing deworming tablets to the common people”

It's our duty to generate a push from the people to get facilities rather than expect the Government to do it. Hence the volunteers focused on the intensive education and awareness campaigns to ensure the people understand the need for hygienic health, sanitary napkins, hand wash, public toilet, etc.

Activity 9:

Awareness Skit on Yojanas

The students identified that the number of beneficiaries of Central Government Yojanas are low. Henceforth, the students were trained to play skits explaining the social welfare schemes of Central Government and dramatised the concept through street play. It was the eye opener for the villagers.

“Exhibiting the benefits of Yojanas to the villagers”

Activity 10:

Village Cleaning

Based on the situation analysis, the UBA volunteers identified that unhygienic environment is the major problem in the adopted villages. They started cleaning the roadside of the villages. They repaired the road potholes and removed the weeds in the villages.

“UBA volunteers cleaned the village surroundings”

Activity 11:

Eye Camp

In order to improve health and hygiene of the villagers, an eye camp was arranged in collaboration with Arasan Eye Hospital, Erode at Kandampalayam. A team of doctors were deputed by the hospital for the camp. The pamphlets were

வேளாளர் கல்வியியல் கல்லூரி சார்பில் இலவச கண் பரிசோதனை முகாம்

▶ ஈரோடு நசியனூர் கந்தாம்பாளையத்தில் வேளாளர் கல்வியியல் கல்லூரி உன்னத இந்தியா திட்டத்தின் கீழ் அரசன் கண் மருத்துவமனையுடன் இணைந்து நடந்த இலவச கண் பரிசோதனை முகாமினை வேளாளர் கல்வி அறக்கட்டளை செயலாளர் சந்திரசேகர் துவக்கி வைத்தார்.

ஈரோடு, அக். 6: வேளாளர் கல்வியியல் கல்லூரி உன்னத இந்தியா திட்டத்தின் கீழ் தத்தெடுக்கப்பட்ட கிராமமான ஈரோடு நசியனூர் கந்தாம்பாளையத்தில் ஈரோடு அரசன் கண் மருத்துவமனையுடன் இணைந்து இலவச கண் பரிசோதனை முகாம் நடைபெற்றது. இதனை வேளாளர் கல்வி அறக்கட்டளையின் செயலாளரும், தாளாளருமான சந்திரசேகர் துவக்கி வைத்தார். கல்லூரியின் முதல்வர் முனைவர் மல்லிகா வரவேற்றார். ஊராட்சி மன்ற தலைவர் ஜீவானந்தம் முன்னிலை வகித்தார். அரசன் கண் மருத்துவமனை தலைமை கண் அறுவை சிகிச்சை நிபுணர் டாக்டர் பன்னீர்செல்வம்

பங்கேற்று மக்களுக்கு கண் பரிசோதனை மேற்கொண்டார். 100க்கும் மேற்பட்டோர் பங்கேற்ற முகாமில் கிராம மக்களுக்கு கண்புரை, கண்ணில் சதைவளருதல், கண்ணீர் அழுத்தம், கண்ணில் நீர் வடிதல், ஒற்றை தலைவலி மற்றும் கண்பார்வை குறைபாடு போன்ற கண் சம்பந்தமான அனைத்து நோய்களுக்கும் இலவசமாக கண் பரிசோதனை செய்யப்பட்டது. 6 பேர் கண் அறுவை சிகிச்சைக்கு அனுப்பப்பட்டனர். நிகழ்ச்சியில் கல்லூரி மாணவிகளும், பேராசிரியர்களும் பங்கேற்றனர். உன்னத பாரத அபியான் திட்ட ஒருங்கிணைப்பாளர் உதவி பேராசிரியர் கவிதா நன்றி கூறினார்.

Initially, it was decided to carryout UBA activities with the first year B.Ed students and based on the future requirements; support from other students can also be sought. On August, the institution planned for uploading the survey data in MHRD Website. Since they had University Examination, teaching practice in schools and some other academic activities, progress of UBA work was delayed.
