Objectives:

- The session aims to create awareness among students about the student chapter of EWB in KGR CET.
- Encourage students to join in EWB student chapter to know what an Engineer must do after graduation.
- To make understand the main importance about EWB student chapter.

Outcomes:

- Students gained a comprehensive understanding of EWB's mission and the role of engineers in addressing global challenges.
- Students were able to know the problems of society.
- The sessions may provide students with information about the student chapter of EWB in KGR CET.
- These events may encourage students to actively participate in Engineering Without Borders to know the real meaning of Engineer.

Resource Persons: Dr. Shaukat Ali Mirza, Director-EWB India &
Dr. Lakhan Singh, Assistant Professor, UBA Regional Coordinator, NIRDPR

Summary report on Engineering Without Borders Inauguration Day

The Inauguration Day of the Engineering Without Borders (EWB) chapter at KGR CET, organized by the Centre for Innovation & Social Transformation, marked a significant milestone. This event, held on November 9, 2023, successfully introduced students to the core mission of EWB, highlighting the transformative role engineers play in addressing global challenges. Taking place in the seminar hall, the event was presided over by two distinguished resource persons: Dr. Shaukat Ali Mirza, Director-EWB India, and Dr. Lakhan Singh, Assistant Professor and UBA Regional Coordinator at NIRDPR.

The session began with an insightful introduction to Engineering Without Borders and its crucial role in promoting sustainable practices. Dr. Shaukat Ali Mirza, leveraging his expertise, effectively engaged the audience, elucidating the true meaning of Engineering Without Borders and its significance for the nation. He provided valuable information on the role and capabilities of engineers.

Following Dr. Mirza's session, Dr. Lakhan Singh continued to captivate the audience by shedding light on Unnat Bharat Abhiyan (UBA) and its contributions to colleges. Dr. Singh also emphasized the power of engineers and elaborated on India's status as a developing country, underscoring the importance of engineers in driving progress.

Dr. Rohit Kandakatla explained the activities being organized by CIST in the rural villages and motivated students to take an active part in rural development. Dr. Sai Satyanarayana Reddy, Principal KGR CET also motivated students to be a part of rural development.

The event also featured the introduction of the chapter's leadership team, accompanied by a successful recruitment drive that sparked enthusiasm among students to join and actively contribute to the EWB chapter. A goal-setting session served as a collective visioning exercise, establishing clear short-term and long-term objectives that will guide the chapter's trajectory.

The EWB students chapter team also conducted the poster presentation on Environment sustainability on the same day. All the guests, Principal and faculty participated in poster presentation and encouraged the students. This informative session about the Engineering Without Borders Student chapter at KGR CET was coordinated by Mr. B. Lingam, the EWB Faculty Coordinator.
