ACTIVITY 5:

Name of Activity: Health Camp with Hans Foundation.

Need of the Activity: Access to Healthcare: Rural areas often lack access to basic healthcare facilities. Initiatives like health camps bridge this gap by bringing medical professionals and services directly to the community.

Health Education: Many people in rural areas may not have adequate knowledge about preventive healthcare measures or may not prioritize their health due to various reasons. Health camps provide an opportunity to educate the community about maintaining good health practices.

Description in 200 words (along with the Pictures):

On 4th December 2023, UBA GBPIET's team organised a transformative health camp in Ghurdauri, Pauri Garhwal in collaboration with "The Hans foundation" @thehansfoundation, held at Panchayati Bhawan, Pawo malla and Saraswati Shishu Vidya Mandir addressing the lack of health facilities within the villages and schools involved

Representing The Hans Foundation, a dedicated team of medical professionals contributed to the overall well-being of communities, recognizing the interdependence of health with education, livelihoods, and social empowerment.

The health camp served 150 beneficiaries that includes students from the nearby school as well as the locals of the concerned villages.

This successful initiative fostered trust amongst villagers. With this initiative, Team UBA instilled general health consciousness and will continue to do so in future.
