**Activity report on FAP Medical Camp - 8<sup>th</sup> July 2024**

Under the Patronage of Meenakshi Academy of Higher Education and Research, special medical camp was conducted in the Government primary school at Parandhur village on 08.07.2024. Program was organized by the Meenakshi Medical College & Hospital in coordination with Department of community medicine in collaboration with Unnat Bharat Abhiyan and National Service Scheme. The people were examined and diagnosed by various specialties of Orthopedics, General Medicine, Pediatrics, Ophthalmology and OBG. Blood pressure, blood sugar levels, hemoglobin levels, urinary protein and sugar levels were monitored for all the patients who attended the camp. Height, weight and BMI of each patient were recorded and personalized dietary advices and nutritional education were provided by the postgraduates and CRMIs of community medicine. A total of 95 beneficiaries were benefited from the medical camp among which 73 patients were screened for diabetes out of which 37 patients were found to have elevated blood sugar and 9 were newly diagnosed diabetic patients. Similarly 73 patients were screened for hypertension out of which 33 patients found to have elevated blood pressure and 7 among them were newly diagnosed hypertension patients. Out of 95 beneficiaries 29 patients were found to be anemic. Health education on nutrition and lifestyle modifications was given to the concerned patients. A total of 22 pediatric cases attended the medical camp. Height, weight, MUAC was monitored for all the Under 5 children. Patients were provided with basic medicines and around 38 patients were referred to Meenakshi Medical College & Hospital for further evaluation and treatment.
