Beneficiaries Village Name	Mandigere village	Number of people benefitted	:150
Location:	Mandigere, Karnataka, BangaloreNorth-560090.	Date between:	10/06/23 TO 15/06/23

Brief Summary of the activity:

Our students actively participated in the Swachh Bharat Abhiyan, a national-level initiative by the UBA, Government of India, aimed at promoting cleanliness and sanitation across the country. We undertook this initiative in collaboration with a government school, where we conducted a series of impactful activities that contributed to the cleanliness and hygiene of the school premises and the surrounding community. Through our concerted efforts, we witnessed a significant transformation in the school's cleanliness and hygiene levels. The students and staff members embraced the importance of cleanliness, and positive changes were visible in their attitudes and behavior. Overall, our contribution to the Swachh Bharat Abhiyan through this UBA cell at the government school has been a successful endeavor. We believe that these initiatives will leave a lasting legacy, promoting cleanliness and sanitation in the school and its surrounding community, aligning with the vision of a cleaner and healthier India.

Outcome of the activity:

Therefore, we conclude that active participation in initiatives like Swachh Bharat Abhiyan is crucial in ensuring a cleaner and healthier environment for our nation. This nationwide campaign serves as a powerful tool to combat a multitude of environmental and societal issues. Swachh Bharat focuses on improving sanitation and hygiene, which are fundamental to human health and well-being. Access to clean toilets and proper waste disposal practices prevent the spread of diseases and improve overall public health. Our participation in Swachh Bharat Abhiyan represents a small yet significant step towards creating awareness about the importance of cleanliness and hygiene. By actively engaging in this initiative, we contribute to the protection of our environment and the improvement of our nation's overall well-being. Swachh Bharat is not just a government program; it is a collective effort to ensure a cleaner, greener, and more sustainable India for current and future generations.
