Location:	BangaloreNorth-560015.	Date between:	25/11/2023 to
			02 &09/12/2023

Brief Summary of the Activity:

To spread awareness about the importance of higher education, Unnat Bharat Abhiyan (UBA) Activity Programme. The main aim of this program is to create awareness among the students of Local Schools in achieving their result. A group of five students visited the Government primary school and guided the students towards the Quality education on how to prepare for exams and the importance of education and its impact. We gave the proper guidance about the evolving technologies and motivated to focus on higher education. Their queries regarding opportunities were also discussed and suggestions were given in this regard. They were also provided with additional information on other opportunities like army, administrative services, KAS, IAS etc. We also discussed about the boons and banes of social media among them. As already we had some knowledge in Ethical Hacking, we demonstrated with the students on how hackers hack the password. It was a fruitful interaction between the engineering students and young budding talents.
