REPORT ON SCHOOL HEALTH PROGRAMME

VENUE: GOVERNMENT PRIMARY SCHOOL, KARICHIPALAYAM.

DATE: 15.03.2024

TIME: 10.00 AM-12.30 PM

We Vivekanandha College of Nursing have conducted School health programme at Government Primary School, Karichipalayam, Tiruchengode, Namakkal (Dt). All our M.Sc.,(N) I year students, I year DGNM (60) students are actively participated in the health education program. The beginning of the programme was started with Tamilthai vazhthu. The welcome address was given by Mrs. S. Nasira M.Sc.,(N) HOD of Community Health Nursing, Vivekanandha College of Nursing. The programme is headed by Mrs. Gowri Block Educational Officer, Paramathy, Tiruchengode, Namakkal. Students Presented the skit for primary school students regarding the healthy, unhealthy food and knowledge regarding dental caries. Distribution of calcium rich diet (Ragi Adai),protein rich diet (Green Gram), have been done. The **Health Education Program** regarding protein, calcium, vitamins rich diet was given by Mrs.M.Maheswari, I Year M.Sc.,(N) student and I year DGNM students VCON. Vote of thanks was given by Ms.A.Pramila Devi

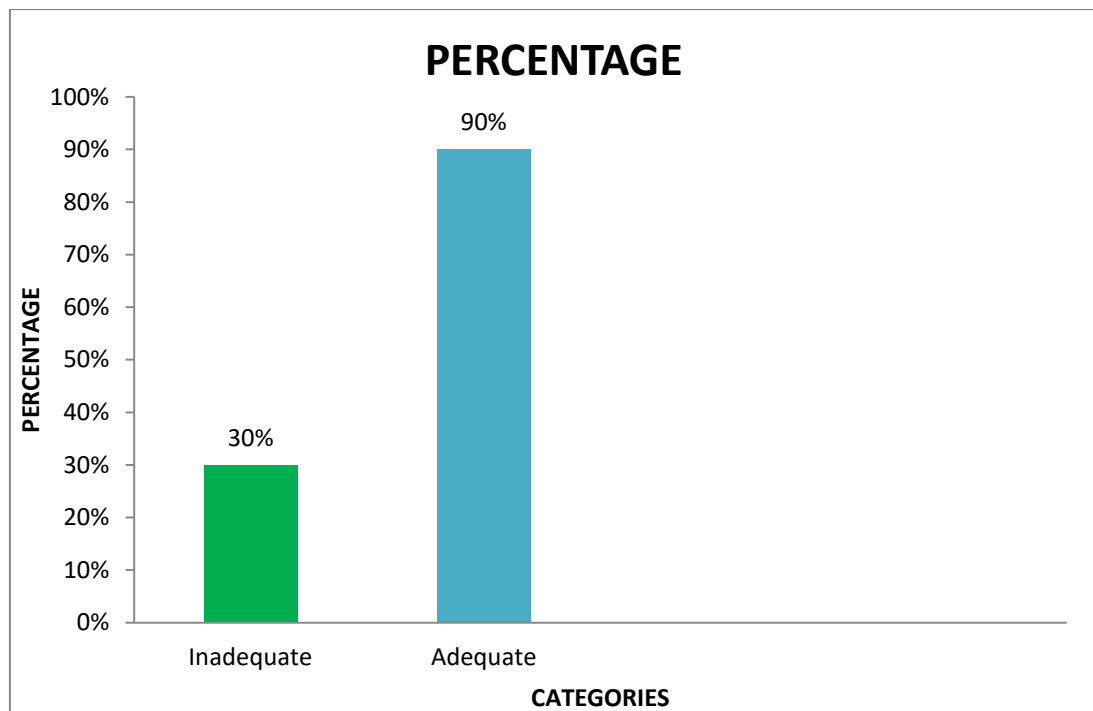

B.Sc.,(N), Nursing Tutor of Community Health Nursing Department. Finally the programme ended with National Anthem.

OUTCOME:

All the school students gained knowledge regarding healthy and unhealthy food and knowledge regarding dental caries. Their knowledge regarding dietary sources also have been improved. Assessment of knowledge about healthy, unhealthy food habits and knowledge regarding dental caries is inadequate that is 30% during pretest whereas after the intervention of our drama and role plays health education the knowledge level have been improved to 90% which is adequate knowledge.

Quality of the research

This shows that the program was effective.
