Introduction

This report outlines the recent community event dedicated to raising awareness against various social issues, including women's and children's rights, as well as updates on ongoing development projects in their Appur Village locality. The event served as a platform for collective commitment towards eradicating social evils such as sexual abuse, child marriage, and female infanticide.

Event Overview

The event commenced with a prayer followed by a pledge to combat:

- **Women's Sexual Abuse**
- **Child Abuse**
- **Child Marriage**
- **Sexual Assault**
- **Toilet Hygiene and sanitation**
- **Female Infanticide and Abortion**

Participants included community leaders, local authorities, and residents, all united in their commitment to these critical issues.

Project Updates for 2023-24

1. **Road Construction**
   - Successful completion of road construction projects aimed at improving accessibility within the community.
2. **RO Water Cleaning Initiative**
   - Implemented a monthly cleaning program for RO water systems, ensuring clean drinking water for residents.
3. **Support for Physically Disabled Children**
   - Ongoing efforts to promote the rights and benefits for children with physical disabilities.
4. **Jal Jeevan Scheme**
   - Achieved 10% completion in enhancing community access to clean water.
5. **Women Self-Help Groups**
   - Development and production of water purifier test kits, empowering local women economically.
6. **Kalaignar Karunanidhi Scheme**
   - Distribution of land titles (patta) to 15 households from SC, ST, and MBC communities.
7. **Maintenance of Local Ponds**
   - Initiatives to maintain local ponds in Appur and Thalimangalam to ensure ecological balance.
8. **Community Infrastructure for Muslims**
   - Allotment of land for constructing a mosque for 20 Muslim families, promoting communal harmony.
9. **Appointment of Deputy Chief Minister Udaynidhi Stalin**
   - Acknowledgement of Udaynidhi Stalin's appointment and its positive impact on local governance.
10. **Veterinary Care Initiative**
    - Designation of a caretaker for veterinary needs and maintenance within the community.

Current Issues and Needs for 2024-25

1. **Lack of Power Supply**
   - o Thalimangalam Village currently experiences power shortages, affecting daily life.
2. **Ration Shop Infrastructure**
   - o The absence of a concrete floor in the ration shop leads to spoilage of food items due to water seepage.
3. **Safety Measures**
   - o Urgent need for speed breakers to reduce frequent accidents in Thalimangalam.
4. **Water Tank and Bus Stand**
   - o Proposals for constructing a water tank and a bus stand to enhance community infrastructure.
5. **Educational Initiatives**
   - o Headmistress Ms. Revathi emphasized the need for evening classes for residents aged 15 and above, including those with disabilities.
6. **Employment Opportunities**
   - o Requirement for a rope plant in two villages to create 100 days of job opportunities focused on cleaning and maintaining local ponds.

Conclusion

The community event and ongoing projects highlight our collective commitment to social welfare and infrastructure development. Addressing the identified issues will require collaboration among community members, local authorities, and relevant stakeholders. Continued efforts are essential to ensure the well-being and development of all residents.

Issues discussed

- Immediate actions to address power supply issues in Thalimangalam.
- Initiate construction of a concrete floor for the ration shop.
- Implement safety measures, including speed breakers.
- Explore funding and support for the establishment of a water tank and bus stand.
- Expand educational programs for all age groups, focusing on inclusivity.

Special Grama Shabha Discussion points

1. **Water Sanitization**: Village lack access to clean and safe drinking water, leading to health issues and waterborne diseases. Ineffective water sanitization systems exacerbate this problem, impacting overall community health.
2. **Waste Management**: Inadequate waste management practices in the areas result in littering, pollution, and unsanitary living conditions. The lack of proper disposal methods poses significant environmental and health risks to the community.
3. **Skill Development for Single Parent Women**: Single parent women in rural villages often struggle with economic independence due to limited access to skill development opportunities, making it difficult for them to provide for their families and achieve self-sufficiency.
4. **Medical Health Center**: The absence of a local medical health center leaves residents without access to essential healthcare services. This lack of medical facilities increases vulnerability to untreated health conditions and emergencies.
5. **Clean Hygiene**: Poor hygiene practices in the communities, driven by limited access to education and resources, contribute to health issues and reduce the quality of life. Promoting clean hygiene practices is essential for overall community well-being.

6. **Special Education for All Classes**: There is a significant gap in educational resources for children with special needs in rural areas. The lack of special education services prevents these children from receiving appropriate support, hindering their development and inclusion.

7. **Cattle Monitoring in Cultivation Areas**: Farmers in rural areas face challenges in monitoring cattle health and productivity, impacting agricultural output. Inefficient cattle management practices can lead to economic losses and reduced food security.

8. **Computer-Based Training**: Limited access to technology and computer-based training in rural villages hampers residents' ability to develop digital skills, which are increasingly important for employment and entrepreneurship in the modern economy.

9. **Skill Development Courses**: There is a lack of comprehensive skill development courses tailored to the needs of rural populations, leading to high unemployment rates and underutilization of human resources within the community.

10. **Entrepreneurs' Skill Development**: Aspiring entrepreneurs in rural areas often lack the necessary skills and knowledge to start and sustain their businesses. The absence of targeted training programs limits economic growth and job creation in these communities.

Kumizhi Village Gram Shaba

Minutes of Meeting

Place: Kumizhi, Chengalpet District. **Date: 11.00am to 12.30pm**

Co-ordinators name: Dr. P. Priyadharsini- Centre for Waste Management
