Activity Details

Report

A Tree plantation drive (Ped Lagao Jeevan Bachao) under Unnat Bharat Abhiyan (**UBA**) was successfully organized by the Extension Unit of MIER College of Education on 19th February 2026 at Government High School and the area outside the Police Station in Bhatyari village, Bishnah. The initiative was undertaken with the objective of promoting environmental sustainability and strengthening community engagement.

A group of around 20 student members of the Extension Unit, accompanied by their In-charge and UBA Coordinator, Mrs. Suman Devi, visited Bhatyari village to carry out the activity. Mrs. Suman Devi formally welcomed the gathering and highlighted the importance of environmental conservation and active community participation.

The event was graced by the presence of the village Sarpanch Mr. Surjeet Singh, Panches, the Principal, faculty members, and students of both MIER College and the Government High School. The Sarpanch and their team actively participated in the plantation drive with great enthusiasm and zeal, motivating the students and villagers alike. The tree plantation drive aimed to create awareness about environmental protection, encourage ecological responsibility, and foster a deeper connection between students and nature. Through their active participation, the students demonstrated their commitment to sustainable development and social responsibility. The programme not only enhanced environmental consciousness but also instilled values of respect, responsibility, and civic duty among the youth.

Dr. Adit Gupta, Principal and Director of MIER College of Education, appreciated the sincere efforts of the Extension Unit and commended the students for their active participation. He emphasized that nurturing environmental responsibility among young learners is essential for safeguarding natural resources and ensuring a sustainable future. He further stated that under the aegis of Unnat Bharat Abhiyan, the college remains committed to empowering students as responsible citizens and custodians of tomorrow, dedicated to building a greener and healthier community.
