

Name of Event: Livestock Disease Awareness Program under Unnat Bharat Abhiyan

Date of Event: 07-3-2026

Organized by: School of Agriculture

Event Coordinator: Dr. Satish Chand

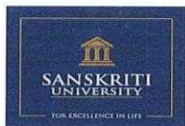

Objectives of the Program

- To create awareness about common animal diseases among rural livestock owners
- To educate villagers on prevention, early detection, and control of animal diseases
- To promote healthy livestock management practices
- To improve animal health and productivity in rural areas

Description of the Activity

The School of Agriculture, Sanskriti University, under the aegis **Unnat Bharat Abhiyan** organized an **Animal Disease Awareness Program** at Akbarpur village. The program was conducted as an extension and outreach activity with the aim of improving awareness about animal health and disease management among rural communities. Faculty members and students interacted with villagers and livestock owners to provide information about common animal diseases, their symptoms, modes of transmission, and preventive measures. Emphasis was given on vaccination, proper nutrition, cleanliness of animal shelters, and timely veterinary care to prevent disease outbreaks. The participants were encouraged to adopt scientific livestock management practices to ensure better animal health and increased productivity. The program received active participation and positive response from the villagers.

Outcomes of the Program

- Increased awareness about animal diseases and their prevention
- Improved understanding of vaccination and animal healthcare practices
- Enhanced knowledge of hygienic livestock management
- Strengthened university–village linkage under Unnat Bharat Abhiyan

No. of Faculty attended: 06

No. of Student attended: (List of students) 25

Co-coordinator: Dr. Ashish Tiwari

Conclusion

The Animal Disease Awareness Program organized by the School of Agriculture under IQAC was successful and informative. The activity effectively supported the objectives of Unnat Bharat Abhiyan by promoting animal health, rural livelihood enhancement, and sustainable agricultural development. Such initiatives contribute significantly to improving the socio-economic conditions of rural communities.
