

REPORT ON UNNAT BHARAT ABHIYAN ACTIVITY PROGRAMME

Activity Title:	SPREADING PUBLIC AWARENESS UNDER RURAL OUTREACH PROGRAMMES		
Beneficiaries:	5 th semester students of computer Science department	Number benefitted:	15
Location:	SOMSHETTYHALLI, CHIKKABANAVARA	DATE between:	From - 03/01/23 To 14/01/23

Brief Summary of the activity:

As a part of Unnat Bharat Abhiyan Activity Program 5th semester students of computer science department visited somshettyhalli to distribute plants. This is one of the most significant and popular mission to have taken place in India it is a great step towards saving green.

We distributed saplings and created awareness in local residence on how to save a tree and to plant trees.

This campaign was important for the overall development of citizens in terms of health and wellbeing.

It is important for an individual to not only succeed through academics and marks but also to do well along with the society and environment. Every individual's contribution is necessary in order to overcome this problem.

We would love to thank our Vtu board and college for providing us with this great opportunity.

It was indeed an incredible journey to interact with the local residents and the lessons we learned from them were really helpful for all of our students.

UNNAT BHARAT ABHIYAN

Outcome of the activity:

1. The awareness that we spread to the society about planting causes a major change in the environment as it is responsible in decreasing the Pollution and increase in the OXYGEN WHICH ACTS A MAJOR HELP FOR OUR NEXT GENERATION.
2. Apart from helping our health situations it also Makes the surroundings look better and elegant.
3. It also shows our rich culture in plantation and Growth of crops etc.
4. It is important for an individual to not only succeed through academics and marks but also to do well along with the society and environmental.
5. Every individual contribution is necessary in order to overcome this problem.
