Under the able guidance of Principal of the College Dr. Bhavana Chuhan We have done a workshop in each village on Income generating activities and promotion of Millets. The different department of the college has done this activity. The institute has for major departments. (Foods and Nutrition, Family resource Management, Textile and Clothing and Human Development)

Textile and Clothing Department:

Activity Report under Unnat Bharat Abhiyan: Date: (29/4/2023)

Demonstration of surface ornamentation Technique in Agas village, Anand

Students and faculty Ms. Mega Purohit the Textiles and Clothing Department has given demonstration of a surface decoration method on fabric in this demonstration. Village women and girls learned several embroidery techniques, including the satin stitch, the herringbone thread, the chain stitch, and printing technique with stencil printing. This method is primarily used in both the design of fabrics and clothing. They can make income through the use of this surface decoration technique.

Human Development Department:
