Report of the Dental Treatment Camp for Koraga Tribal Population on 14.02.2023

The Department of Public Health Dentistry, AB Shetty Memorial Institute of Dental Sciences in association with Padupanambur Grama Panchayath as part of Unnath Bharath Abhiyan, Primary Health Centre Attur Kemral, Lions Club MJF Mulki and Leo Club Mulki, conducted a free dental treatment camp for the Koraga tribal community at Swami Koragajja Sabha Bhavan, Kerekad, Thokur on 14.02.2023.

The main objective of the program was to create oral health awareness among the tribal population and to reduce the oral disease burden, thus improving the oral health of the community. Oral health awareness was provided by Dr. Shilpa. M and Dr. Praneetha. D. Rani. The patients were emphasized about the importance of maintaining a good oral hygiene, brushing twice daily, using a fluoridated tooth paste and consuming a nutritious diet for leading a healthy life. They were also stressed on the importance of abstaining from use of tobacco products.

A total of 18 patients belonging to the Koraga tribal population were screened during the camp. Around 4 patients underwent GIC restorations, 1 patient underwent extraction, 6 patients underwent oral prophylaxis and 8 patients were referred to the dental college and nearby Thalipady rural centre for further treatment.
