Objective of the event: -

1. Develop community connections.
2. The UBA cell, SKIT aims to raise awareness in serving the societal causes and thriving to create a better world.
3. It helps the underprivileged villages, guiding them to a path of prosperity and awareness.
4. The cell works hard to reach and aid the deprived people.
5. Enable higher educational institutions to help the children of rural India with the new technologies and advancement by donating computer systems and boards to schools and to work with the people of rural India in identifying development challenges and evolving appropriate solutions for accelerating sustainable growth.

Details : -

The student team members along with faculty staff members of UBA Cell, SKIT went to the villages to distribute computer systems and chalk boards with the objective of promoting education and helping the students learn more about today's technology. First, we went to the Government Upper Primary School, Khera Jagannathpura and distributed the computer systems and chalk boards, the environment of school was truly welcoming and enthusiastic. Then up next our team went to the Government Praveshika Sanskrit School, Malwa where the children were excited by looking forward to work on the computer systems and new chalk boards. At last, we all went to Government Primary School, Kilkipura to distribute the chalk boards, the enthusiasm of young children was mesmerizing. The main faculty coordinator of this campaign is Ms. Kiran Rathi who was joined by her colleagues Dr. Monika Mathur, Mr. Naveen Jain and Mr. Deepak Sharma and Student Coordinators are Prince Singhal and Umang Sharma.
